Profile

An enthusiastic student with a keen interest in full-stack development, modern web technologies, and UI/UX design. Eager to embrace opportunities in full-stack development and constantly evolve in the world of technology. Self-motivated, hardworking, and passionate about learning. Dedicated to delivering innovative and impactful solutions and ready to bring a spark of innovation to any team or project.

Education

BSc. Hons in Software Engineering   2021 – present
Sabaragamuwa University of Sri Lanka   Sri Lanka

G.C.E. Advanced Level Examination   2019
Nugawela Central College   Kandy, Sri Lanka
Physical Science stream

Technical Skills

Programming
JavaScript | HTML/CSS | SQL | PHP | Java | C

Tools
Figma | Adobe Photoshop | VS (Visual Studio) Code | Postman | Git (Version Control)

Frameworks & Libraries
Node.js | React.js | Express.js | Bootstrap | Tailwind | GSAP

Databases
MySQL | MongoDB | Firebase

Soft Skills

Teamworking

Communication Skills

Leadership

Flexibility

Problem-Solving

Self-Learning Ability

Willingness to Accept Challenges

Creativity

Projects

WorkScape (Individual) ⧉   present
Tools and Technologies - React.js | Node.js | MongoDB | Express.js | Tailwind CSS
A job finder and blog posting platform designed to connect users with new opportunities and knowledge. The website features distinct User and Company accounts, offering tailored functionalities for each group.

Event Management System (Individual) ⧉   2025
Tools and Technologies - Spring Boot | React.js | CSS | MySQL
A user-friendly system for creating, updating, deleting, and managing events, built with reusable components for buttons and input fields to ensure efficiency and scalability.

Personal Portfolio (Individual) ⧉   2024
Tools and Technologies - React.js | CSS | GSAP
I have developed my personal portfolio website to showcase my skills, projects, and experience in web development and UI/UX design.

Juris Connect (Group) ⧉   2024
Tools and Technologies - React.js | Node.js | MongoDB | Express.js
Role - Frontend and Backend Development
A web application offering tailored legal advice, lawyer connections, and community discussions. Features include a VR environment to explore a virtual court, secure communication, and an AI-powered assistance Chatbot for enhanced legal accessibility.

Journal publishing website (Group) ⧉   2023
Tools and Technologies - HTML | CSS | PHP | MySQL
Role - Frontend Development
This project was done as part of a course module. Redesigned the university's journal website with a modern, user-friendly interface. Focused on easy navigation and responsive design.

Certificates

Java Data Structures for Intermediate Level ⧉
Great Learning Academy

Volunteering

IEEE CS Student Chapter of SUSL   2024 – present
Faculty Coordinator

IEEE Student Branch of SUSL ⧉   2024
CareerForge Phase 01 Awareness Program | Design Team Member
Contributed to the design team for CareerForge, an awareness program aimed at providing internship opportunities to aspiring candidates.
